Quality Approvals for Various Products and Services

Extinguisher Maintenance Vehicle

The primary purpose of this mobile fire extinguisher service vehicle is to keep all fire protection equipment in optimal working condition. Designed as a fully equipped mobile workshop, it enables efficient on-site inspection, testing, maintenance and repair, ensuring quick response, reduced downtime, and compliance with safety standards.

With well-organized storage compartments and secure racks, all tools, instruments, and spare parts are safely stored for easy access and smooth operation in both routine and emergency situations.

In addition, the vehicle is equipped to perform complete fire extinguisher servicing, including Dry Powder, Foam/Water, and CO2 Extinguishers.

It carries specialized filling, testing, and pressurizing equipment along with essential spare parts, making it a reliable and versatile solution for field service operations.

Key Features:

- Mobile service workshop
- On-site inspection & repair
- Organized tool storage
- Extinguisher filling systems
- CO2 / Foam / Dry Powder service
- Pressurizing & testing unit
- Spare parts availability
- Fast response capability
