The Global Standard in Fire Safety

Since 1983, SFFECO has been the trusted name and a recognized global leader in manufacturing top-tier fire-fighting equipment. We don't just offer products; we provide total fire safety solutions like fire doors, fire cabinets, fire pumps, fire extinguishing systems, etc. Our commitment to excellence is certified by multiple international standards, including ISO 9001 (Quality), ISO 14001 (Environmental), and ISO 45001 (Health & Safety). With state-of-the-art facilities in Riyadh and Dubai, we ensure every product meets rigorous international quality standards.

One-Stop-Shop for Fire Protection

SFFECO is your single source for everything in fire protection and fire-fighting. Represented in over 100 countries through a vast network of dealers, our innovative approach and comprehensive, end-to-end product range deliver the full spectrum of solutions you need. We're dedicated to keeping you safe and updated, constantly integrating the latest fire-fighting technology into our knowledge and services. Choose SFFECO and get certified quality, global reach, and pioneering innovation—all in one place.

Quality Services

SFFECO is deeply committed to ensuring superior performance and accuracy in every product it delivers. This dedication is maintained through continuous, close collaboration with a wide array of stakeholders, including key certification bodies, government regulatory agencies, industry partners, and leading technology associations. This concerted effort focuses on the development and delivery of truly innovative and high-quality fire-fighting solutions. The commitment to excellence is rigorously upheld through extensive product testing and evaluation, alongside a strict, ongoing process for continued product quality compliance, guaranteeing that SFFECO's equipment operates with assured reliability when it matters most.

SFFECO is dedicated to providing fire safety products of the highest quality and performance. We achieve this by working closely with certification bodies, government regulatory agencies, industry partners, and technology associations. This collaboration ensures our innovative products are backed by extensive product testing and evaluation, and maintained through continuous quality compliance.

As global leaders since 1983, SFFECO believes in manufacturing quality products and offering exceptional service standards worldwide. Our primary goal is to reward our customers by keeping their investments safe and secure. Our manufacturing plant has steadily grown and is now equipped with modern hi-tech equipment and staffed by highly skilled professionals. With optimal ISO-certified operations, we consistently roll out products that match global standards to serve the needs of the growing fire safety market.

Stainless Steel Extinguishers

Fire safety with aesthetic beauty; Crafted by SFFECO

Note:

Model PD 6S, PD4.5S, FX 6S, and WH 6S, are SASO Approved.

Other models and types of stainless steel fire extinguishers can be provided upon request.

SFFECO Stainless Steel finish fire extinguishers combine functionality with a sleek, polished appearance. Designed for durability and corrosion resistance, they provide reliable fire protection while enhancing the aesthetic of any space.

Features:

- ❖ **Aesthetic Appeal:** The polished stainless steel surface provides a modern, elegant look suitable for premium interiors.
- ❖ **Corrosion Resistance:** Stainless steel material protects the extinguisher body from rust and environmental damage.
- ❖ **Durability:** Built with high-quality materials to ensure long-lasting performance and reliability.
- ❖ **Easy Maintenance:** Smooth stainless steel surface is easy to clean and maintain, retaining its shine over time.
- ❖ **Visibility:** Reflective surface enhances visibility, making the extinguisher easy to spot in emergencies.
- ❖ **Hygienic Design:** Ideal for environments requiring cleanliness, such as hospitals, offices, and hotels.
- ❖ **Customization Option:** Can be paired with matching stainless steel stands and signage for a uniform look.
- ❖ **Compliance:** Meets international fire safety standards and regulations.
